### *Flowers for the Buffet*

*Since most weddings have white on white linens for the guest tables, the large floral arrangement on your buffet is the piece that is the center of beauty for your reception.*

- *If you are expecting **200 people**, you can get by with **one** buffet station. If you anticipate **200-500**, you need **two** buffet stations so you can feed your guests quickly.*
- *Each buffet station has at least two food lines; so two stations will run four lines. You can feed up to 500 people in less than 20 minutes with two buffet stations that accommodates four lines.*

### *Fresh Flowers for the Buffet Stations:*

- *The large floral arrangement for the buffet tables will range from **\$150.00-300.00**. Most are \$150.00 (\$150 flowers/\$25.00 rental on the container.) I have about six containers to choose from ranging from \$25.00 to \$50.00. This is your most important floral arrangement in the room. This table will be the focal point of your reception when guests arrive. The flowers and the food display need to be what catches their eyes when they enter the room.*

### *Centerpieces for Guest Tables*

*You do not want all your centerpieces to be the same. I would recommend three type. These need to vary in height. I am always adding centerpieces to my selection, so it is best you come and look to choose those that suit your taste. Here are prices on some of my most popular. It is not necessary to put flowers on all tables, but I would suggest at least one-third have flowers on them.*

- *Round bowls, crystal rocks, floating candle on mirrors* \$6.00
- *Clear crystal candle holders and tapered candles* 10.00
- *Silver candelabra with fresh flowers* 57.00
