"Memories Last A Lifetime So Make Them Beautiful"

Dear Future Bride,

Thanks for inquiring about Swan's Landing and our services. We have been in the business of catering weddings for sixteen years: We worked with 83 brides in 2011. Helping brides plan one of the most important days of their lives is a job that we enjoy and take very seriously. We want your wedding day to be a beautiful, stress-free day.

I have put together four packets which lists our prices. Look over these and pick the one that works best with your budget. We want to do all we can to make your dream wedding become a reality at a price you feel comfortable with.

I provide free wedding consultation. I want our first meeting to be at my kitchen, because you need to see the great selection of linens, dishes, and centerpieces that I have available for you to choose from. Our first consultation will take about two hours. You are welcome to bring any family members or friends with you. When you leave, you will have a complete lay out of your wedding from the number of tables, linens, centerpieces, to the food selection, bridal flowers, and labor cost to carry out your complete wedding plans. You can take my bid and compare it to other caterers or floral designers. I want you to leave our first meeting feeling relaxed and confident that we can partner to make your wedding day a roaring success.

One of Swan's Landing greatest strengths is our friendly service. Every bride is amazed how our staff go out of their way to meet any of the bride's request on her wedding day. We are there for you and ready to do whatever you need from us.

Theresa Wolford is my floral designers, and she does absolutely superb work. Brides love working with her because she tries to give every bride the look she wants at a price brides feel is reasonable and affordable. After we meet, I will set up an appointment for you to meet Theresa. She has over 35 years of experience; she stays abreast of the latest trends in floral designs for weddings.

In order for us to remain competitive; we know that we have to have some of the latest centerpieces and linens available for you to rent at a reasonable price. We have what you need to make your wedding reception absolutely beautiful. If you can dream it, we can make it happen. Lots of brides on go line to www.projectwedding.com or www.theknot.com, www.pinterest.com or www.weddinggawker.com to find great ideas that will work for their wedding. Find your favorite pictures, print them out and bring them to us. We love working with brides and their ideas; moreover, we can design and carry through with any theme you choose.

When it comes to church décor, we have a variety of candelabra, columns; register stands, aisle draping, and fresh flowers that will make your wedding beautiful. We are available after the wedding to transport those flowers and items to the reception so you can use them at your reception as well. We want to help you get the most for the money you invest on your wedding day.

Two of our best partners are Bernadette O' Daniel (bodaniel@windstream.net: 270-402-2965) and Lisa Spalding (lisa.spalding@hotmail.com: 270-699-5840). These ladies are so reasonably priced and they can make a wedding day absolutely beautiful and flawless in every way. Not only will they help you plan and put everything on a schedule, but they know great vendors who do terrific work at reasonable prices, so they can save you a lot of money, too. I love working with them because they are as good as it gets when it comes to wedding assistants. We offer them free with our Platinum Package.

Give me a call and let's get started. I am available to meet at your convenience. You can reach me at 270-403-6926 or by email at swanslanding@windstream.net. I look forward to meeting you. Check out my FaceBook for the latest pictures of my brides. Go to Linda Clark and once I make you a friend, type in "Swan's Landing Catering." Respectfully yours,
